# Feminist Resource Centre

## Welcome to the Feminist Resource Centre (FRC)

We are a vibrant community dedicated to advancing gender equity and social justice. We believe in the power of diverse voices, and lived experiences to build a more just and equitable world for all.

By amplifying diverse voices and recognizing the unique challenges faced by marginalized communities, we can build a more inclusive and equitable world.

At the FRC, we champion intersectional feminism, recognizing that gender justice cannot be achieved without addressing all forms of oppression and inequalities.

## Our Mission

- Challenge gender and social injustice through education, activism, and collaboration.
- Build a safe and inclusive space for diverse voices to connect, learn, and empower each other.
- Promote intersectionality and recognize the interconnectedness of various forms of oppression through trainings, and action research.

One of the most vital ways we sustain ourselves is by building communities of resistance, places where we know we are not alone.
