

Gender Responsive Planning & Monitoring

A 5-day workshop for senior and middle management of organisations working in the development sector

December 9-13, 2024 at Visthar, Bengaluru

INTRODUCTION

The GRPM course is intended for senior and middle management of organisations working in the development sector. It equips Governments, NGOs, INGOs, Faith Based Organisations and other Civil Society Organisations to mainstream gender into their programs and organisations.

OBJECTIVE

- Critically reflect on one's own ways of looking at gender and diversity
- Hone their skills in gender analysis, gender responsive planning and gender sensitive monitoring.
- Develop an intersectional perspective to critically analyse and respond to contemporary issues through their program
- Develop leadership skills to facilitate transformation in organizations and communities

FACILITATORS

The facilitation team has been working on gender and social justice for several decades. They have been supporting a wide range of organisations to integrate gender into their programmes
The facilitating team comprises:

Mercy Kappen
Roshen Chandran
Rajkumari Nimbale

CONTENT/TOPICS

- Gender, social relations and institutions
- Intersectionality and social transformation
- Gender Analysis
- Gender Responsive Planning
- Gender Responsive Monitoring
